

Community Liaison Group

Role of the CLG

- To capture CLG members interests, concerns and broad agendas
- To provide a forum to discuss and exchange a range of thematic issues, to resolve conflicts where possible and to flag up issues of interest to the masterplan
- To act as a sounding board for the masterplanning process
- To communicate and distribute information to CLG members and to collate feedback
- To hold regular meetings (bi-monthly to begin with) attended from time to time by Ward Councillors, WCC officers, masterplanners and other consultants as appropriate

Membership

Membership will be recognised officials and spokespersons of relevant bodies and organisations. These officials should nominate, and communicate to Soundings, particular deputies or stand-in's to cover CLG meetings that they are unable to attend. The organisations that the CLG seeks to support include amenity groups, retail, business and trader groups, faith organisations, schools, BME and 'hard to hear' groups, community organisations, representatives of the Metropolitan Police, especially Secured by Design officers and the Safer Neighbourhood team, the local primary care trust and particular youth groups.
