

## Residents' Liaison Group

### **Role of the RLG**

- To capture TRA members interests & concerns and TRA agendas & plans
- To provide a forum to discuss and exchange a range of TRA objectives, to resolve conflicts where possible and to flag up issues of interest to the masterplan
- To act as a sounding board for the masterplanning process
- To communicate and distribute information to members of each TRA and to collate feedback
- To hold regular meetings (monthly to begin with) attended by Ward Councillors and, from time to time, by officers and consultants as appropriate
- In the longer term to help to shape construction protocols, acceptable working practices and bench marks for cleanliness and maintenance

### **Membership**

Membership will be elected TRA officials and acknowledged street representatives. The latter will provide representation for streets that immediately border the site. TRA officials and street representatives should nominate, and communicate to Soundings, a deputy or stand-in to cover meetings with the RLG that they are unable to attend.
